Fall Graduation

Commencement Ceremony

Vision, Mission, and Values

triOS COLLEGE

The overall culture of triOS is continuous improvement.

The members of our faculty and staff are dedicated, hard-working, and driven by our Mission, Vision, and Values. Helping students to become job-ready graduates is the common cause that unites us and pushes us to be the best we can be.

VISION

To improve lives by sharing our knowledge and passion for excellence.

MISSION

Helping students become job-ready graduates.

VALUES

Practice the following values in all of our relationships:

- **Integrity** - Do what we say we will do
- **Dedication** - Strive to be the best we can be
- **Readiness** - Recognize and react positively to change
- **Respect** - Treat people the way they want to be treated

Academic distinctions and honours are awarded to successful candidates who have completed diploma programs at triOS College with final grades of 80% or higher.

****Graduates with Distinction: 90% - 100%**

***Graduates with Honours: 80% - 89%**

Valedictorians

Susan Fitzpatrick

Massage Therapy, Windsor Campus

Warmest Congratulations to the Class of 2022! Time to celebrate! You have successfully completed an all-encompassing, academically challenging education!

A special thank you, to all the instructors at triOS College for sharing their knowledge and expertise. Your commitment helped us to meet and at times even exceed our personal educational goals. World events required some creative approaches on your part, so thank you for ensuring that the quality of our education was maintained whether we were online or in person.

Thanks as well, to all the administrative staff who gracefully juggled all their new pandemic roles in addition to their prior responsibilities! It was appreciated.

2022 Graduates! You did it, your educational journey at triOS is complete and now the opportunity for a new and exciting future simply awaits your next positive step!

Going forward, I wish each one of you many wonderful and life-changing experiences!

All the best to everyone I met during my time at triOS - Windsor Campus.

May you be happy, healthy, and prosperous ~ wherever your life leads you!

Take Good Care!

Dane Karges

Information Technology Professional, Kitchener Campus

My journey to today has not been an easy route. In April 2019, my life was turned upside down in a serious workplace accident.

In the moments following, I wasn't even sure I was going to walk again. Fast forward to early 2020, after a very long wait, I was finally in the operating room waiting to be "fixed", to return to my career as a carpenter. A few short weeks into my recovery, in March 2020, the world had stopped with me. The next 6 months held some extremely dark days, all my planned recovery treatments were halted or taken away.

In September 2020 a new focus was clear, a new career for myself and a new adventure for my family. I had found a support system in my teachers and classmates, and my internship was incredibly rewarding. Now today, because of my hard work and triOS, I am in a career that I love as a Software Project Manager.

I never would have thought that my life would lead me here, but I know I am where I am supposed to be. I have made myself, my wife, and my daughter proud. Never give up!

Valedictorians

Elena D'Angelo

Medical Office Assistant, Hamilton Campus

I am honoured and humbled to have been asked to address the triOS College Hamilton Campus fall graduating class of 2022. My name is Elena D'Angelo, and I completed the Medical Office Assistant + Internship Program.

So, we did it. Receiving a college degree is a great accomplishment. Not only did we complete our programs amid a pandemic, but some of us did so while working and being full-time parents. This is a significant milestone in our lives, and it should be recognized for its significance. It is an act of personal commitment as well as pride. We all worked very hard to get to this point, and our efforts were not in vain. A college diploma is a wonderful tool in this world, one that opens many doors of opportunity.

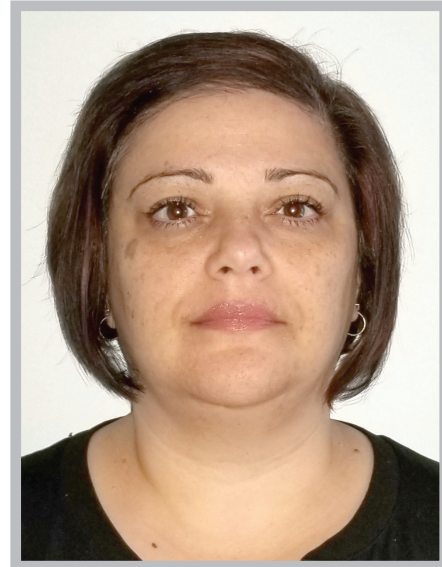

Even though it was difficult, we should be proud of what we accomplished. We advanced as a class and formed friendships that will last a lifetime.

We value the excellent instructors who logged into Teams every day and created an excellent virtual experience. They exhibited and exemplified the same level of competence and professionalism that they expected from us. We appreciate their motivation and example of dedication. A special Thank you to Tony Gharakhani and Ryan Mann for making even the most difficult classes interesting and easy to understand. I loved every minute of it.

We are grateful to the staff at triOS for their assistance and availability during critical times. We are grateful to the Employment Specialists who assisted us in navigating the difficult process of locating an internship placement.

Consider how far we've come, how much we've changed, and how much we've had to adjust as you reflect on your time at triOS College. Going forward, let's consider what is best for us in every decision. Let's have self-confidence so we may accomplish our objectives and realize our aspirations. Let's endeavor to be the finest versions of ourselves so that we can bring happiness and pride into our own lives and the lives of those closest to us.

Congratulations to the 2022 fall graduating class!

Alice McKenna

Medical Office Assistant, Brampton Campus

It is indeed a pleasure, and a great honour to have been given the opportunity to deliver the valedictorian's speech. My heartfelt congratulations go out to all my fellow graduates on reaching an important milestone in our scholastic journey. Today is truly ours. A day in which we reminisce upon and celebrate our perseverance, sweat, and yes, even tears that went into the hard work that has brought us success.

Graduation is the day that represents the beginning of one chapter of our life and the end of another. This past year has had its challenges for many of us because of the pandemic. Not only did we have to adapt from in person learning to virtual which meant learning on Microsoft Teams and Brightspace which presented another challenge. For me it was difficult not knowing the computer or how to even get on Microsoft Teams on the first day of school, but with the help of Kevin Healey and Pooja Chopra, it didn't take me long to catch on and before long I was teaching Kevin's computer class. Even though we had these obstacles in our way we made it to the other side and never gave up. The effort and hard work that we have put throughout our time at triOS has finally paid off and today, we stand together as proud graduates of triOS college, and I am sure we will do it proud.

On behalf of the graduating Class of 2022, I want to thank the Campus Director, all my instructors, Employment Consultant for giving me the direction to move forward in life and for that I am extremely thankful to all my mentors, and seniors from the bottom of my heart. May your graduation be the beginning of many more wonderful achievements in your life.

Many congratulations to all my friends and wishing everyone best of luck on their future endeavours

Valedictorians

Deborah Prabhu

Massage Therapy, Mississauga Campus

When I was asked to be valedictorian, I tried searching for an inspirational quote online. The best I got was the cliché “yesterday is history, tomorrow is a mystery, etc.” So I’ll skip the quote. But if anyone asks, I said something really profound.

I will say that when we started, I think we all only had a vague idea of what to expect. Not the program – that’s pretty self-explanatory – but everything else. What are the other students going to be like? What are the instructors going to be like? Will I do well? Will I have fun?

Looking back now, I don’t think I can imagine going through the program with any other group of people. Everybody helped each other out; we didn’t do things on our own. If we had the knowledge, even if we weren’t big on teaching, we were ready to share with each other. You went from saying tibula and fibia, and acronym for acromion, to spitting out anatomical terms like Eminem.

We had fun too. All of you are fun loving and have a great sense of humour.

I’m thankful to our instructors for teaching us and putting up with us. I’m sure we’re all thankful to our families for helping us and supporting us. And to you, my fellow students, I’m proud of you and proud to know you, and thank you for the privilege. All the best, and congratulations!

Irina Shevchenko

Physiotherapy Assistant/Occupational Therapy Assistant, Toronto Campus

Welcome everyone to our triOS College, Toronto campus, graduation ceremony.

My name’s Irina, I’m honored to have been chosen to be your valedictorian for the Class of 2022.

I’m a graduate student in the Physiotherapy Assistant/ Occupational Therapy Assistant Program. First of all, I’m extremely thankful to our instructors from the bottom of my heart! I am grateful to them for all they have done for us, which I will never forget. I truly appreciate the time they spent helping us in achieving our goals.

We all met this past year with many challenges above and beyond attending college. Some of our students also had to balance College with employment and family commitments. But regardless of some of the challenges, we made it! We had an excellent Class!

I became a healthcare professional in Canada, which exceeded all my expectations. The most significant value that I have learned is teamwork and collaborative approach. I also would like to take this opportunity to thank my family, my husband, and my son. I hope to make them proud. I got my Diploma with Distinction because they supported me all the time.

In conclusion, I would like to leave you with a quote from Albert Einstein,

“The only source of knowledge is experience.”

In other words, all our knowledge comes from experiences, and we learn from these experiences to shape our decisions and actions.

Many Congratulations to the Graduates of 2022 and wishing everyone good luck in the future!

Valedictorians

Hikkaduwege (Praveen) Fernando

PC Support Technician, Scarborough Campus

I am pleased to share my journey with all of you. Firstly, I would like to thank the entire triOS Team to help me achieve and pursue my goal, especially, Miss “Jackie.” She is an excellent instructor with great inspiration. I’d also like to thank my family for believing in me and continuously supporting me through all the tough times.

Before I joined triOS, I was just an average student. I lacked my vision and mission, but I’ve always been interested in technology since I was a teenager. Building computers, repairing, and fixing electronics for my family was just a hobby. I always looked forward to expanding my knowledge and enhancing my career as a technician. After some research, I decided to try the “PC Technician” program at triOS College. They have the best instructors, great motivation, and enthusiasm. Today, I am blessed with various career opportunities. Thank you, triOS, for guiding me to build a solid resume.

Choosing triOS was one of the best decisions I’ve ever made, I will cherish every moment. Good luck to every student in achieving their goal. Do not forget to enjoy this beautiful journey.

Wishing, everyone good health and great success.

Staff & FACULTY

A Message from our Faculty & Staff

Your experience at triOS College has prepared you well for this moment. Your instructors have helped you learn and solve problems using innovation and creativity. You have grown, personally and intellectually, and developed the skills to help you succeed, no matter what path you choose to pursue.

The entire staff and faculty have been inspired by the resilience, determination and compassion shown by our 2022 graduates. We recognize the strength of character that is yours and know you will succeed in a future filled with all the dreams and desires closest to your heart. For years to come this special edition Graduation Celebration program will serve as a reminder that in the face of adversity, the Class of 2022 demonstrated courage and determination.

While looking ahead, remember that you are and will always be part of the triOS family. Congratulations on your achievements! We can't wait to see where the future takes you.
