*Enterprise Web & Mobile Developer + Internship, Windsor Campus*

Hello class of 2022, teachers, and administrative staff.

Thank you for this honor! I would like to recognize the staff at triOS College and all the great students.

Nobody could have predicted this thing called Covid 19 and the whirlwind it would cause. Going back to school was different and scary! The first day logging into Microsoft teams, which by the way should have been a course in itself! All kidding aside, thanks Bruce Caine for being so patient with us.

Faisal Ayub, so talented and knowledgeable in his field. I thought Bruce gave a lot of homework, really Faisal, good thing us students didn't have anywhere or anything to do. My husband did say, you're making an indent in the cushion, could you just find somewhere else to sit! Thanks for taking quality time with us. I have to say, this Microsoft Teams isn't so bad after all!

Peter George, thank you for your guidance with internships, resumes and helping us on the right path to our new careers. A college really isn't a college without the help and assistance of getting a job at the end of all your hard work.

I met so many great students this year all learning different skills and careers. triOS College is well-organized and efficient through these tough times. Thanks for making this a memorable experience. Of course, I wish we could have been on campus, but really, who doesn't like getting up, putting on a reasonable shirt with pajama bottoms and going to school!

## Keri Dukeshire

*Physiotherapy Assistant/Occupational Therapy Assistant, London Campus*

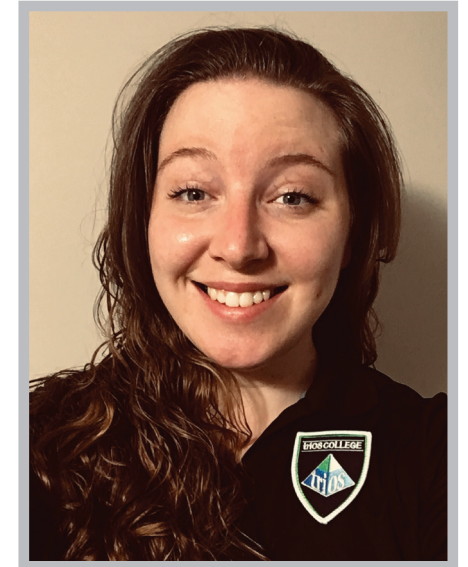

To my fellow graduates of triOS College London,

There is something to be said about the determination of each one of us who decided to start this new and amazing journey amidst a global pandemic, and for this I applaud you! We all have had very unique and adaptive experiences as we worked towards a similar goal. I am so thankful for the amazing support and understanding that the staff and fellow students have given me throughout my journey.

After completing my education at triOS, and transitioning to a working position, initially I felt some pressure to be perfect. If triOS taught me anything, however, it is that the best way to learn is to make mistakes, and ask for help when I'm unsure (and boy did I ask a lot of questions!). Learning is a never-ending opportunity, and expecting perfection is inhuman. triOS College gave me an amazing skillset with a mindset that will encourage me to continue my education.

So, make mistakes, learn from them, ask too many questions and keep pushing yourselves to become the best versions of yourselves that you can be!

To the strong individuals I have been so lucky to call my classmates: Congratulations on achieving this milestone and each new one you reach after your time here! I'm so proud of us!

## Alexandrina Buzna

### *Police Foundations, Kitchener Campus*

My name is Alexandrina Buzna and I immigrated to Canada in 2003 from Romania.

My dream job since I was a little girl was to work in Policing as a detective.

I graduated from pedagogical High School with an honorary master's degree in biology-Agriculture in Romania.

I have more than 19 years of experience working at the Casino.

During the Covid-19 pandemic, I decided to follow my passion for law enforcement.

I chose triOS College Kitchener Campus and took one of the greatest programs Police Foundations.

Today I am proudly graduated with a diploma of distinction. I had a great experience, all the staff members are friendly, knowledgeable, and very helpful.

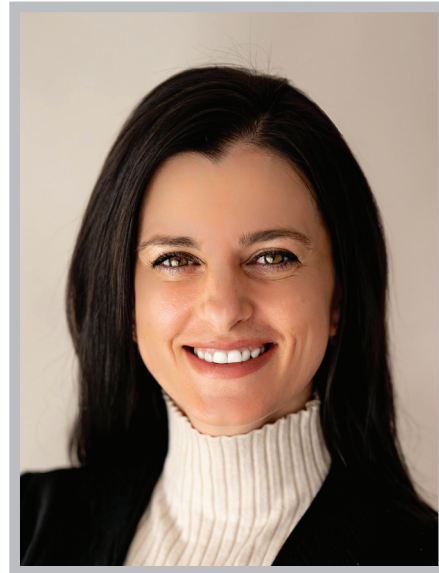

I want to say thank you to everyone at triOS, especially to the Campus Director Lori Fast, all my teachers Mr. Jeff Ducharme, Mr. John Oke, Mr. Bradley Strickler, and Ms. Sheryl Baxter, administration Mariana Ursu, and my education consultant Nashina Makhani.

I especially loved how my instructors related the lessons to real-life examples that would allow the material to make more logical sense. It made it so much easier to remember the material for projects and exams.

I am very thankful for your guidance, and support and for giving direction to my life.

Life is a journey, and all the accomplishments I achieved during the Police Foundations program are only the start of new achievements.

Thank you.

## Lauren Ledlie

### *Digital Marketing Specialist, Hamilton Campus*

Congratulations, graduates!

You did it: you graduated from college. Not only did you graduate, but you did it during a global pandemic. Some of you successfully completed your program while working a part-time or full-time job, some of you even on top of being a full-time parent. You have faced challenges that previous generations of students before you have not - that is a huge accomplishment and something to be very proud of, although it didn't come easy (despite being able to attend class from your couch while in your pyjamas).

Think about how far you have come and how much you have grown throughout your journey at triOS College. The resilience that you have gained throughout it is something that you will be able to take with you anywhere you go. So, the next time you are faced with a challenge and begin to doubt yourself, just remember all the obstacles that you faced along your journey and how you were able to overcome them. These challenges allowed you to see what you're capable of achieving, no matter the circumstances. They've allowed you push yourself and to grow. They've given you the strength to handle any obstacle that comes your way.

This is not the end of your journey - this is only the beginning, so enjoy the ride. Keep facing challenges. Keep pushing yourself. Keep growing.

Congratulations again to each of you. I have no doubt that you will be successful wherever your journey takes you.

## Sabrina Querubin

*Paralegal, Brampton Campus*

My fellow graduates, congratulations! We accomplished another crucial life event – successfully completing our programs in pursuit of a better future.

Our journey to this day was not an easy one. We did our best to learn in the midst of an unforgiving pandemic - navigating through stringent public safety restrictions, while juggling demands at work, and taking care of our children and families. Even though we could not learn together in a classroom face-to-face, we adapted and made remote learning work for us. We formed strong friendships and grew together as a class. One thing we can say with utmost confidence is, we are now experts when it comes to Microsoft Teams and Brightspace.

We thank our wonderful instructors who showed up everyday. You exhibited and modeled the same level of professionalism and excellence you expected from us. Thank you for giving us inspiration and showing us what dedication means. Thank you for the valuable nuggets of professional and life advice. We thank the triOS' staff for assisting us through technical difficulties, placement issues and being there when we needed help.

I now speak directly to my fellow Paralegal graduates. Soon, we will be licensed to practice and will become officers of the court. We all want to be successful in our chosen careers. However, let us not forget we have an obligation to uphold the law and a responsibility to fight for justice. Barack Obama once said, "It's only when you hitch your wagon to something larger than yourself that you realize your true potential." Let us be agents of change by advocating for access to justice. Let us be part of a cause that empowers the powerless and corrects inequality. Let us be instruments of service to our community and those in need. When we uplift others, we uplift ourselves.

Well done, Spring Class of 2022!

## Anas Bassam Alhariri

*Enterprise Web & Mobile Developer + Internship, Mississauga Campus*

Greetings ladies and gentlemen, thank you for joining our celebration today.

It is a great honor to be here. I would like to begin by expressing my appreciation to my dear instructor Ms. Louise, the staff of triOS College and my friends and family who have helped me get to where I am today.

Life has taught me many things, most of which contributed to my success and achievements.

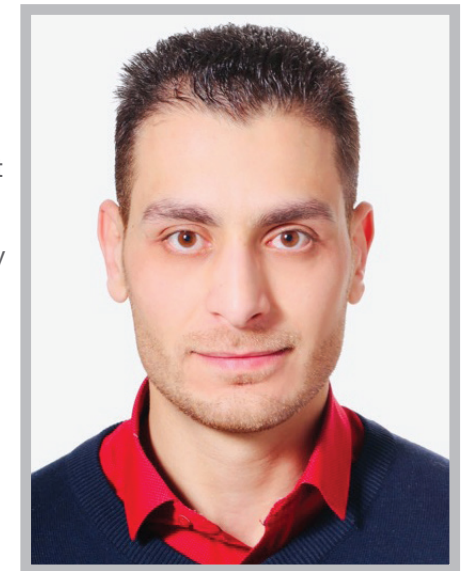

In life we learn from good and bad times, but we enjoy the good ones. Nothing lasts, but the experience remains. Without this contrast, nothing would have a meaning. Always find a reason not to quit your dreams, instead find a reason of why you should keep pursuing it.

Reasons can look either negative or positive.

My family lives in Syria. They have suffered from war, misplacement, destruction, we have lost family and friends, homes and sometimes faith. Most people would give up their dreams due to depression, I instead align all my struggles to be included within my dream. The situation of my family became one of those powerful reasons of why not to quit.

In order for me to help my family, prepare a good future for my kids, stabilize my life and make my dream come true, I had to succeed. The more I struggled, the more I became powerful, the more my family need me, the stronger and the more determined I become.

My message to all of you today, believe in yourself and never give up your dreams. And find your own reasons to keep you on the top.

## Nikta Sedighi

### *Police Foundations, Toronto Campus*

Welcoming everyone to our triOS College, Toronto campus, graduation ceremony today.

My name is Nikta Sedighi, I am humbled and honored to have been chosen to be your valedictorian for the class of 2022.

I am a graduate student from the Police Foundations program. As a student in this program, I was also given the role both class leader and ambassador, where I was able to directly assist others to achieve their goals.

For many of us we met this past year with many challenges above and beyond attendance to college. Some of us also had to balance college with employment, family commitments, health issues, remote learning, to mention a few. But regardless of some of the unique challenges, we made it and we are one step closer to our future careers.

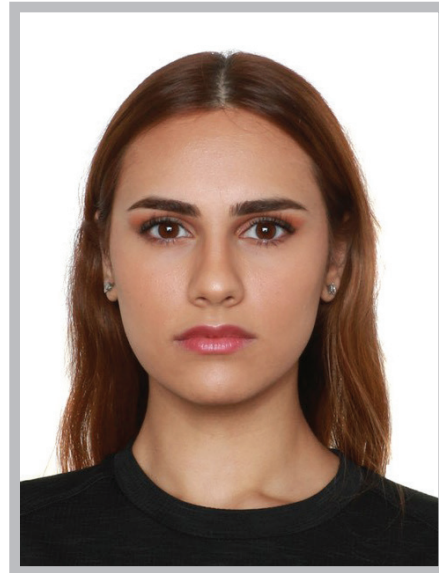

This past year I have grown as a person and exceeded my expectations in my education. I would first like to thank my parents for bringing me to Canada, where I can be anything I chose to be if I just apply myself. Secondly, I would like to take an opportunity to thank my instructor, Miss Wanda, she is kind, knowledgeable, and a supportive person. I hope to make you proud.

In conclusion, I would like to leave you with the quote from John Wooden,

“Don’t give up on your dreams, or your dreams will give up on you.”

In essence, it is our own responsibility to work hard towards achieving our goals.

Congratulations to the Graduates 2022.

## Beverly Cann

### *Business Administration (Human Resources & Marketing Specialist), Scarborough Campus*

I am so honored and grateful to have been chosen to be our Valedictorian and be the one who gets to represent us as we close this chapter of our lives.

Taking classes virtually was a calming type of experience because there was no stress about travel time, being away from home, finding time to studying or completing assignments. I was hoping to meet new people and share this experience in a more personal way but considering the tough past few years it was probably for the best.

Thank you to all our professors for their patience, hard work, dedication, understanding, and knowledge that they’ve shared and taught us throughout our journeys. I have to give a shoutout to Miss Jacqui who is one of the best teachers and people I have ever met. If you’ve had the privilege of knowing her, I’m sure you know exactly what I am talking about.

Congratulations everyone, college graduates, class of 2022, off to start the rest of our lives or new careers. We should all be very proud of ourselves. I wish you all the best moving forward and good luck.

# Staff & FACULTY

## *A Message from our Faculty & Staff*

*Your experience at triOS College has prepared you well for this moment. Your instructors have helped you learn and solve problems using innovation and creativity. You have grown, personally and intellectually, and developed the skills to help you succeed, no matter what path you choose to pursue.*

*The entire staff and faculty have been inspired by the resilience, determination and compassion shown by our 2022 graduates. We recognize the strength of character that is yours and know you will succeed in a future filled with all the dreams and desires closest to your heart. For years to come this special edition Graduation Celebration program will serve as a reminder that in the face of adversity, the Class of 2022 demonstrated courage and determination.*

*While looking ahead, remember that you are and will always be part of the triOS family. Congratulations on your achievements! We can't wait to see where the future takes you.*
